Continuing Legal Education (CLE) Hours In order to offset the cost incurred by the Association to qualify sessions for CLE Credit, any Attorney wishing to receive CLE credit will need to indicate such on the Registration Form and will be charged an additional \$60.00 CLE Fee on top of the regular Registration cost. This is an all-encompassing fee, not the fee per credit hour. The total CLE credits offered for this year's Conference has not been determined but will be posted on our website (www.ncsea.net) as soon as possible. Qualifying CLE sessions will also be noted on our website.

ANNUAL AWARDS

Every year the NCSEA conference presents an opportunity to network with others who share your passion for Child Support. It is also an opportunity to recognize your fellow co-workers for their dedication and commitment to improving the lives of others. Some would say there is no bigger reward than being recognized by your peers. We hope you'll take a few minutes out of your busy day to nominate someone for an NCSEA award. It's not difficult, it's not even time consuming, and it's so rewarding. Imagine how good they'll feel when they're called to the stage to receive their award and we say Thank you for being AWESOME! NCSEA offers the following awards:

Member of the Year: The nominee must be a member of two or more years who has displayed outstanding service to child support during the past year.

Lifetime Achievement Award: The nominee must have at least 10 years professional experience in child support and a record of leadership, innovation, and dedication. Preference to retired or soon-to retire nominees.

Judicial Officer of the Year: The nominee must be a Juvenile or district court judge, referee, or clerk that has demonstrated interest and concern about child support as evidenced by: · Writing articles for professional or popular publication · Giving professional child support presentations and/or training · Drafting and/or testifying on behalf of child support legislation · Participating in child support related committee for HHS or professional associations.

Appreciation Award: The nominee is not a person or organization who works primarily in child support (i.e. legislator, educator, journalist, advocacy group or business) that has provided significant contribution toward the improvement of child support in Nebraska.

Nominations for each award must contain the following: · Nominee's name · Nominee's email or mailing address · Nominees phone number · Brief description of why you feel the nominee should be considered for the award. Nominations are disqualified if only the name and address of the nominee is provided. Please send award nominations to Mark Batt at nebrchildsupport@gmail.com. As always, keep up the good work and thank you!

NCSEA GOAL

The members of NCSEA recognize that by working together, we can improve the enforcement of child support and the lives of Nebraska's children. The association will strive to assist its members and promote more effective laws and procedures relating to child support. Our primary interest is to ensure that children are supported by their parents and that the laws and agencies of Nebraska recognize and enforce that obligation.
